

Arimborgo Ministries Prayer Requests:

- 1.) For “workers for the harvest”: that we would be effective in raising up new leaders who would in turn reach the lost through the multiplication of cell groups. We need God’s blessing on our leadership training program.
- 2.) For spiritual protection of our cell group leaders. They are on the front lines of battle and the enemy tries hard to discourage them and get them to quit. Many of them are relatively young in the Lord and need a lot of encouragement.
- 3.) For anointing on our discipleship program, such that we would not just make converts, but also life-long disciples of Jesus!
- 4.) For Pastors Israel and Jennifer’s prayer lives, that the Holy Spirit would empower us to self-discipline in spending plenty of time with Him even when many ministries demands and the enemy try to steal that precious time.
- 5.) For provision for a new sound system for our church, along with new instruments, especially a keyboard and drum set. We need about \$10,000 of new equipment, as the Lord wonderfully provided for the expansion of our church building, but the sound equipment we have is designed for a smaller building. Also several of our musical instruments are very old and do not work well. We are totally confident that Jehovah Jireh knows this and has a perfect plan!
- 6.) For our missions school students, who have been doing a practicum for the last five months out in the jungle. In the past the enemy has tried hard to get students not to come back to the school to finish their classes. Ask the Lord to bring them back safely.
- 7.) For the upcoming semester at our missions school: for wisdom and anointing in putting the curriculum together and teaching it, for the presence and power of the Holy Spirit in and out of the classroom, and for unity in the student body.
- 8.) For unity in the Body of Christ in the city of Iquitos. The churches historically have tended to be divided and suspicious of one another. We long to see the whole city transformed, which takes the whole Body of Christ to accomplish.
- 9.) For the city of Iquitos and surrounding jungle: pray for the purity of Jesus to overcome the stronghold of sexual immorality for which this city is well known. Pray for the truth of Jesus to overcome the stronghold of lies that is prevalent here in the culture. Pray for the generosity of Jesus to overcome the stronghold of poverty, and the freedom of Jesus to overcome the stronghold of witchcraft. Finally, pray for the vision of Jesus to overcome the stronghold of complacency and apathy.
